**A little bit about Arctic Hotspot™...**

It all began on a napkin. The first design of what would become our logo. Raised in Boyle Heights, and graduates of Roosevelt High, our desire to return to the community and do something for it, became a reality after a long, but worthwhile struggle. We have accomplished to create a warm and welcoming environment for students and residents alike. A clear and concise example of what can be achieved with perseverance and dedication...a dream far from reach and close enough to taste, even though the odds were against us...
